

Canadian Centre for Diversity and Inclusion Centre canadien pour la diversité et l'inclusion

FOR IMMEDIATE RELEASE – March 2, 2018

CCDI contracted to conduct consultations on equity, diversity and inclusion for Peel Regional Police

The [Canadian Centre for Diversity and Inclusion \(CCDI\)](http://www.ccdi.ca) has been contracted by the Peel Police Services Board to conduct an equity, diversity and inclusion audit of the Peel Regional Police. An important part of this project is gathering information and feedback from residents of the Peel Region about their experiences with Peel Regional Police.

We would like to hear feedback from members of the community about their experiences with the Peel Regional Police as related to the themes of equity, diversity and inclusion. We are hosting two Public Townhall Consultations. All residents of Peel Region, and particularly those individuals who have had direct experience or interactions with the Peel Regional Police, are welcome to attend. In order to make sure that we provide enough time to hear from as many of you as possible, we will provide some guidelines during the meeting to manage time and areas of discussion.
